

Webinar on Process Emissions, Innovation Sharing Platform

25 November 2022, on-line

1 Welcome and introduction 10:00-10:05

We will briefly introduce the Innovation Sharing Platform (ISP), our kick-off topic 'Climate change in waste water' and the initial subtopic for the exchange of innovative solutions on 'Process emissions'.

We will present the three speakers.

2 Presentations (10 minutes each) 10:05-10:35

The three experts on Process emissions and their presentations:

- ~ Klara Westling, expert on wastewater and environmental issues at Svenskt Vatten:
 - o 'Systematic measures in Sweden to reduce leakage of methane (CH₄) from biogas production and upgrading'.
- ~ Anna Kuokkanen, Helsinki Region Environmental Services Authority:
 - o 'Nitrous Oxide (N₂O) emissions in the perspective of the research done in Finland'
- ~ Marcel Zandvoort, Waternet (Water Authority Amstel, Gooi and Vecht and the municipality of Amsterdam):
 - o 'Artificial intelligence (AI) process control for nitrous oxide (N₂O) emission reduction at Wastewater Treatment Plant Amsterdam West''

3 Q&A 10:35-11:00

We will start the discussion on Process Emissions that will continue after the Webinar in the Discussion Rooms of the Innovation Sharing Platform.

About EurEau

EurEau is the voice of Europe's water sector. We represent 70,000 drinking water and waste water operators from 31 countries in Europe, from both the private and the public sectors.

Our members are 36 national associations of water services. At EurEau, we bring national water professionals together to agree European water sector positions regarding the management of water quality, resource efficiency and access to water for Europe's citizens and businesses. The EurEau secretariat is based in Brussels.
